Greetings to All!

My name is Mare Yaroscak and I am the new Marketing Sales Associate at Pace. I have over 25 years of Marketing, Sales, and Advertising experience. I also bring years of nursing and care giving to the table. I believe this experience will benefit me in doing the best possible job here at Pace. I enjoy every aspect of Public Relations and Customer Service, which I believe are key to a strong and successful business.

My goal is to take my position to a new and exciting level. I will utilize my strengths and personalize the connections between Pace and our clients, fully hoping that this will ensure a trust that will solidify our relationships for years to come. We have a wonderful unified and hard working staff here at Pace and our clients need to know this!

Sharon DiChiara, the Executive Director of Pace, has an exceptional background in Marketing Sales strategies with years of accomplished success. She and I work hand and hand to present the best possible working ethics for our clients.

I am very excited to move forward and accomplish these goals here in Bend and the surrounding areas of Central Oregon.

Thank you for making me feel welcome!

Summer has finally arrived!! It's time for fun in the sun - vacation and relaxation, right? Please remember that hospitals, nursing homes, residential care homes, and assisted living facilities don't close their doors during summer months. Nursing care needs remain 24/7 and patients/residents still need to be cared for. Remember to call Pace Medical Staffing at 1-866-718-2923 on a regular basis with dates/shifts you are available to work. Try to be flexible with your schedule, such as working various shifts and include a holiday now and then. Also, let us know whether or not you would be willing to travel and if so, how far and how often.

Our clients often call us when they have a cancellation and are in need of a "last minute "Nurse or CNA. If we call you and leave a message, please try to return our call even if you aren't able to work the shift. Do remember, however, that most facilities would be happy to have a Nurse or CNA work even the remainder of a shift than not to have any help at all.

On another note, please either mail or fax us a copy of your professional license, driver's license, TB and/or CPR once you have them renewed. It is imperative that your personnel file is kept current.

Thank you as always for your hard work - we appreciate you!

The Career Fairs in Lebanon and Eugene were a big success! We received multiple leads for new staff and clients alike. The word is definitely getting around that Pace is a great company to work for. Keep up the good teamwork everyone!

## GET YOUR MONTHLY \$200 Per Diem Bonus!

To qualify you must work a minimum of 135 hours in a given month to receive a \$200 incentive bonus! This incentive is available to clinic, hospital, and nursing home/LTC Per Diem staff only. This is **not a one time program**, this is something you can strive for each and every month!

Please ensure that you give your availability to Teri A.S.A.P! This helps us a great deal and will allow us to book you shifts in advance should we have openings in your area. If it's nearing the end of the month it's especially important, as many of our clients give us their staffing needs 1-2 weeks prior to month's end. Give us a call today and we'll see what we can do for you!
